Mayor welcomes new council

Mayor Parrish Tung welcomed newly elected first-time councillors Lorne Young and Debra McQuinn and welcomed back council veterans Dwayne Yaremkevich and Bernice Capjack at last Monday's organizational meeting. The five are embarking on the first-ever four-year term for all municipal councils, rather than the three-year terms served by previous councils across Alberta, a change introduced this year by the province.

New town council sworn in

By VICKI BROOKER
Review Staff

Elk Point's new town council, consisting of Mayor Parrish Tung, incumbent councillors Bernice Capjack and Dwayne Yaremkevich and newcomers Debra McQuinn and Lorne Young, was sworn in by town manager Myron Goyan on Monday, Oct. 28. Goyan then swore in Coun. Capjack as deputy mayor for the coming year, with Couns. Yaremkevich, McQuinn and Young slated to serve in that capacity in subsequent years of the four-year term.

The new council agreed to continue to meet on the second and fourth Mondays of each month, except if those Mondays fall on a holiday, when the meeting would be held on the Tuesday.

The mayor then led council through the list of standing committees, legal bodies, boards and commissions, with the entire council appointed to the Executive Committee, Public Works Committee, Economic Development, Public Safety/Environment Committee, Risk Management Committee and Disaster Services Committee, and the mayor appointed to the Physician's Recruitment Committee.

Appointed to the legal bodies, boards and commissions were: (alternates in brackets)

Agricultural Society: Coun. McQuinn (Coun. Capjack)

Alberta Care: Coun. Young

Allied Arts Society: Mayor Tung

Chamber of Commerce: Mayor Tung, Coun. Yaremkevich

Friends of Forts bid farewell to Riverland Challenge, plan other event upgrades

By VICKI BROOKER
Review Staff

The Friends of the Forts looked back at a busy 2013 season at Fort George and Buckingham House Provincial Historic Site at last week's final meeting of the year and immediately started making their plans for 2014.

The site's program coordinator, Ross Stromberg, said the new Bears and Berries event was "a profound success," especially the Teddy Bears Picnic component. The colour-your-own souvenir t-shirts were well received, and sparked a request for a miniature version that would fit the little visitors' teddies, so Stromberg is now trying to track down appropriately sized shirts.

Confusion regarding the date of that event had some visitors arriving a day late, but those visitors were happy to purchase the remaining saskatoon pies, he reported.

The event "needs to be tweaked a bit" but is well on its way to becoming an annual success, with next year's date set for Saturday, July 19.

The traditional music jamborees at both Fort George and Buckingham House and Fort Victoria "may have run their course," Stromberg feels. Neither event drew good attendance this year, and the number of entertainers also declined at both sites.

The Friends agreed that an alternate event to wind up the year was needed, and quickly decided that they will invite visitors to celebrate the 222nd anniversary of the historic forts in true fur trade fashion with an event entitled 'Rendezvous 222,' to be held Saturday, Aug. 23, 2014.

What the celebration will include is still undecided, but suggestions included everything from a dramatic presentation to black powder demonstrations, contests involving skills dating back to the fur trade era and an

artists' paint-out.

The Friends also bid a reluctant farewell to their part in the Riverland Challenge, voting unanimously to bow out of their involvement with the event, as the members who were instrumental in organizing the Challenge are no longer part of the group.

The event brought numerous visitors to the site, but required more volunteer effort than the small membership felt able to provide. This past year, the event was cancelled only weeks before it was to take place, due to river conditions and the difficulty in finding appropriate safety personnel.

While the overall 2013 visitation figures were roughly average for the site, Stromberg told the Friends that the school programs were up substantially, and "our education programs received a 100 per cent positive evaluation. I've already had two requests for next year."

Town manager Myron Goyan swears in Deputy Mayor Bernice Capjack.

Municipal Authority: Tung, Yaremkevich
Airport: Tung
Municipal Library Board: Tung, Capjack
Municipal Planning Commission: Tung, Young
Northeast Alberta Information Hub: Yaremkevich
Northern Lights Library System Board: Tung (Capjack)
Recreation Committee: Capjack, Yaremkevich, Young
Regional Water Commission: Tung, Yaremkevich, Young

Also appointed were town manager Myron Goyan to the Fire Board and Municipal Airport Authority and Dick Millar to the Regional Assessment Board.

Council approved the existing rates of council honorariums and travel expenses, set at the 2012 organizational meeting, for another year. The mayor and councillors will receive \$150 for regular and special council meetings, \$100 for in-town board, committee and commission meetings and for in-town functions attended on the town's behalf, and \$150 for out-of-town meetings and functions. In addition, the mayor receives \$600 per month for his duties and councillors \$400 per month. All receive a travel car allowance of 52 cents per kilometer, meal expenses of \$15 for breakfast, \$20 for lunch and \$30 for supper without receipts and \$125 per night for accommodation while traveling, or reasonable costs supported by a receipt.

The mayor and councillors will also receive a one-time allowance of \$700 each to purchase or upgrade computers for council use.

The meeting wound up with an inspiring presentation by the mayor on leadership traits and qualities.

Krystle Fedoretz, Development Authority Officer

Retiree congratulated

Myrna and Orest Fedorus congratulate longtime friend Larry Demchuk (right) on his retirement from Elk Point Realty at a well-attended open house in his honor. Demchuk got his real estate licence in the fall of 1975, and says, "I've always had a job I wanted to go to." When he sold his share of Elk Point Insurance and Realty, he planned to retire, he said. "But Don Conrad asked if I could help him out for a couple of months. That was eight years ago." This time, he says, he plans to stay retired.

Coffee for a cause

Elk Point Municipal Library held their annual Alzheimer Coffee Party last Tuesday, with a good crowd dropping by to enjoy coffee, tea and goodies and to lend their support to the Alzheimer Society with donations.

Chamber meets Thursday

Capsule Comments

by Your Natural Choice Apple Drugs pharmacist, Chris Letawsky

- Many people might be experiencing more frequent headaches due to the pain relievers they are taking. This condition is called medication overuse headache. The theory is that pain sensation is reset and there is a rebound effect between doses. The way to stop this is to wean yourself off the drug slowly over a few months. Can be difficult but ironically can result in fewer headaches.
- There are many gourmet salts on the market. They are made differently but chemically they are all the same. They contain sodium chloride. They are not healthier salts. Some salts making that claim substitute potassium or magnesium for some of the sodium so that could be called "healthier".
- The Conference Board of Canada rated Canadian provinces on how well their citizens looked after themselves. Three criteria were used: overweight, smoking and physical activity. B.C. came out on top and these good results lessened going east. B.C. was given an A, Alberta, Ontario and Quebec a B. Prince Edward Island and Newfoundland and Labrador rated D while the rest were given a C.
- If you have diabetes, it is very important that you understand the disease....what it does to your body if it isn't controlled properly. Knowledge is power and your knowledge of diabetes will help you maintain a healthy life for years to come.
- Our pharmacists can answer your questions about diabetes. Let our knowledge help increase your knowledge to better control the disease.

EDITORIAL

They are not forgotten

The torch of remembrance will burn brightly next Monday, as Elk Point and district, along with communities across the country, remember all those who have served this nation in wartime and in peacekeeping missions.

Each year, we publish a list of these servicemen and women that was created by the late Sid Holthe for the Elk Point Branch of the Royal Canadian Legion, which has now also fallen victim to the winds of time. We have added names to this list over the years, as we were made aware of more veterans whose names were not included in the original. Even though we still may be missing some names, those worthy individuals are not forgotten in the hearts and minds of their families and friends. We salute them, every one.

WAY BACK WHEN...

Rescue, reeve, relocation

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF NOV. 5 IN...

1988

Federal Progressive Conservative candidate John Dahmer was admitted to hospital for tests, with no date set for his return to active campaigning. Reform Party candidate Deborah Grey opened her Elk Point campaign office and set plans to visit a number of other communities in the new Beaver River riding.

1993

Three teens were rescued from an island in Frog Lake after being marooned for 23 days after the paddle boat they had taken a ride in on Thanksgiving Day floated away when they stopped to explore and rest during a journey down the lake, their survival termed "nothing short of a miracle" by one of their mothers. Dwayne Lindberg became County Reeve, succeeding Robert Bouchard, who had held that position for 13 years, while Ray Danyluk took over Lindberg's former position as school board chair.

1998

A cross-section of Elk Point and area residents spent two days putting down the foundations for a new building project, their community, at a Community Capacity Building workshop. Former councillor Robert Bouchard was back in the County Reeve's chair after being absent from council for a term, while Terry LaBoucane was elected as School Board chair.

2003

Elk Point Community Choir relocated their practices and performances after scheduling problems did not permit use of the Elementary School auditorium, the choir's Christmas concert moving to the Seniors' Recreation Centre and March 2004 dinner theatre moving to the Elks Hall. Fundraising was in full swing for the 17th annual Christmas Extravaganza, which would include a parade and fireworks.

2008

Recreation topped town council's agenda, with Doug Bassett visiting council on behalf of the A. G. Ross Arena Operating Committee to suggest a partnership between the AOC and the town that could provide benefits for arena workers. Renovations to the Elk Point Arts and Leisure Centre were nearing completion, with over 20 volunteers pitching in to add a final coat of paint to the interior of facility.

GUEST COLUMN

Pumpkins enjoyed

Now that Halloween is over, and if you have kept your jack-o-lanterns pumpkins, you may be wondering what you can do with them. The simplest thing to do is to cut off the skins and boil the pulp until soft. Then put the pulp through a sieve to get rid of all the water. (Pumpkins are 90 per cent water.) Once that is done you can begin baking.

Of course, at Thanksgiving, you made pumpkin pies. Today, our pumpkin pies are different than the first pumpkin pie. Did you know that colonists sliced off pumpkin tips; removed seeds and filled the inside with milk, spices and honey? This was baked in hot ashes and is the origin of pumpkin pie.

So besides pumpkin pie, bread or soup, did you know you can make cookies? Vicki Worthen of Boise, Idaho came up with this good Pumpkin Cookies recipe.

1 cup packed brown sugar
1 cup cooked or canned pumpkin
½ cup oil
1 teaspoon vanilla
2 cups flour
1 teaspoon soda
1 teaspoon baking powder
½ teaspoon salt
½ teaspoon cinnamon
½ teaspoon nutmeg
¼ teaspoon ginger
Raisins (optional)
Chopped nuts (optional)
Chocolate chips (optional)
Preheat oven to 350°F. In a mixing bowl,

beat together sugar, pumpkin, oil, and vanilla. Sift together dry ingredients and add to mixture. Stir together dry ingredients and add to mixture. Stir until smooth. Blend in raisins, nuts, or chocolate chips. Drop by teaspoonfuls on greased baking sheet. Bake for 12-15 minutes. Makes 3-4 dozen.

If you want to continue the theme of a pumpkin meal, you may choose to make Pumpkin Sloppy Joes. Geri Thomas of Tooele, Utah came up with the following recipe.

1 ½ pounds ground beef
1 finely chopped onion
12 ounces chili sauce

½ cup pumpkin
1 teaspoon salt
1 teaspoon pepper
1 teaspoon pumpkin pie spice
1 8-ounce can tomato sauce

Mix and brown together the ground beef and onion. Add the chili sauce, pumpkin, spices, and tomato sauce. Simmer mixture about one hour. Serve on buns.

Besides using pumpkin in our meals, (pumpkins are rich in Vitamin A and potassium), did you know they were once recommended as a cure for freckles and were used as a remedy for snake bites?

To carry on with any other fantasy, we may remember the following Mother Goose rhyme:

*Peter, Peter pumpkin eater,
Had a wife and couldn't keep her
He put her in a pumpkin shell,
And there he kept her very well!*

Canada

Get immunized!

By JANINE GRAY

Public Health Promotions, Alberta Health Services

If you were one of the more than 900,000 Albertans who were immunized against seasonal influenza last year, you gave yourself and those around you the best chance to combat an illness that can have serious consequences.

If you were not one of them, you may have questions about the importance of influenza immunization and the two different types that are offered here in Alberta.

Seasonal influenza (as it usually surfaces in the winter months) is an infection of the airways caused by a contagious virus and is often confused with the stomach flu. Symptoms of seasonal influenza include headache, coughing and chills, loss of appetite, muscle aches, runny nose and fatigue. Sometimes nausea and vomiting occur, but these are not the main symptoms of the seasonal flu as it is respiratory disease, not a stomach or intestinal disease.

Many people believe that the influenza vaccine can give you influenza – but this is not the case. The virus contained in the traditional influenza shot is made of a “killed” virus which could not cause influenza. In the case of the nasal spray vaccine, the virus is “live,” but weakened, and could possibly cause symptoms similar to a cold (although uncommon,) but it will not cause the flu itself.

The traditional injected influenza shot is recommended for those six months to two years and those 18 years and older. The nasal spray vaccine can be used for those ages two years up to and including 17 years, however, it can also be administered to adults up to and including the age of 59 if they are unable to have the traditional vaccine.

Influenza immunization, it is not only safe, but recommended for pregnant or breastfeeding women. Pregnant women will be offered the traditional influenza shot as the nasal spray is not recommended for them. Breastfeeding women are also encouraged to be immunized and are able to have either the nasal spray vaccine or the traditional vaccine.

Take the time to protect yourself and others by being immunized against influenza. You can also protect yourself and others by washing your hands with soap and water (hand sanitizer can be used when water is not available), covering your mouth and nose with your arm or a tissue when coughing or sneezing and staying home when you are sick.

For more information on influenza immunization or to find an immunization clinic near you, please visit albertahealthservices.ca or call Health Link Alberta toll-free at 1-866-408-LINK (5465).

Exploring child development

By MONA MCGINNIS

Early Childhood Mapping Committee

Child development refers to the biological, psychological and emotional changes that occur in humans between birth and the end of adolescence. What does that mean in layman terms? It is the combination of the basic and vital life processes, the mental and behavioral characteristics, and the feelings of human beings. The issue of nature versus nurture comes into play. Some of these abilities are inherent, i.e. a baby is born with ‘pre-wired traits’, temperaments and abilities, the genetic blueprint, if you will. These abilities are cultivated during the baby’s interaction with the environment, including the people in it, thus determining how the genetic potential is fulfilled.

Development includes skills in several different groups: gross motor (movements using the body’s large muscles,

i.e. sitting, walking, running), fine motor (movement using small muscles of fingers and hands that often involve hand/eye coordination, i.e. eating, drawing, dressing), language (speaking and understanding language), cognitive or thinking skills (learning and understanding, problem solving, remembering) and social (connecting and having relationships with others, cooperating and responding to the feelings of others).

Each interaction with the environment results in new learning. Imagine a baby lying in a completely white environment with no human interaction, no sound. What would motivate that child to turn its head to look at something new or to the sound of a parent’s voice? Nurturing in the form of spending quality time with the child is fun and enjoyable for parents and children and leads to happy, healthy, successful kids.

(Continued on Page 8)

At the 11th hour, on the 11th day, of the 11th month,

We will Remember

Elk Point’s Remembrance Day observances will begin at the Seniors’ Recreation Centre at 10:20 a.m. on Monday, Nov. 11, with a short parade to the cenotaph for the wreath laying ceremony, returning to the Seniors’ Centre by 11 a.m. for the Last Post, minute of silence and a short program, followed by a light lunch. Everyone is welcome to attend.

TOPS executives hold training workshop

TOPS Area Captain Sherry Smith (fourth from right) led a workshop on leadership skills for the executive of TOPS chapters across northeast Alberta.

By BEVERLEY SMITH
Elk Point TOPS

The 'Take Off Pounds Sensibly' weight loss support group held their 2013/2014 executive training and workshop in Elk Point at the high school on Saturday, Oct. 26.

The aim of the gathering was to reinforce, and strengthen leadership skills in local chapters in northeast Alberta.

TOPS Area Captain Sherry Smith led 14 executive members from six northeast Alberta TOPS chapters through a directed program where many points led to lively debate on how different chapters handled different problems.

Learning from each other, leaders left feeling a renewed energy going back to their local groups.

Child development

(Continued from Page 5)

Studies show that the brain grows and changes more in the first three to five years of life than at any other time, tripling in size by age three. The brain connections that control basic functions are established, laying the foundation for later development. So, when your baby cries and you respond to that cry, the baby learns that his needs will be met. Think about your baby crying to be fed. Often your baby will settle as soon as she hears you making preparations to feed her, even before the actual feeding begins. She has learned that someone will respond to her cries.

A baby's brain is not fully connected at birth. Day-to-day experiences like playing, being read to, interacting with and being responded to by people helps to develop the brain. How the baby's brain develops will affect a child's ability to learn language, solve problems and do well in school.

Families play a primary role in child development by responding to their children, providing a safe and loving home, helping the baby explore surroundings, getting regular health care for their children, developing community connections, choosing quality child care and reaching out for help when needed. The community and society also play a role in child development. The Early Childhood Mapping

Initiative, funded by Alberta Education and based at the University of Alberta, is a five-year research activity that will give Alberta schools, communities and parents information on children's development prior to kindergarten.

The Elk Point Committee, with Christal Brodziak (public health nurse), Colette Poitras (Northern Lights Library System), Deanna Easthope (FCSS coordinator), Lana MacDonald (teacher at J. F. Dion School), Melanie Poulin-Therault (Play2Learn Daycare), Mona McGinnis (community member) and Tammy Klatt (playschool instructor), will promote broad-based community support and resources for young children and their families.

New pastor for Christian Community Church

By VICKI BROOKER
Review Staff

Elk Point Christian Community Church congregation welcomed new Pastor Dave Holden and his wife Marcy with open arms on Sunday, as Evangelical Free Church of Canada Superintendent Don Harder led the installation service.

The Holdens previously served churches in Millet, Alberta, Cutknife, Saskatchewan, and LaCrete, Alberta, coming to Elk Point in October when the church in LaCrete closed.

Harder's message centered on three Greek words: Logos, Pathos and Ethos, which mean words, passion and ethics.

"The bad news should be the background for the good news," he said, noting that television anchor

Sandie Rinaldo always saves some good news for her final story of the night. "That's the Christian minister's job. Good news is the final story, and that's what you get to preach to this congregation," he told Pastor Holden.

Passion, he added, refers to "a wonderful, warm relationship. Pastoring is spiritual parenting with fond affection. When it breaks your heart to leave a congregation, you know you have pastured them. It's shepherding. A shepherd spends his life with his flock."

Ethos, Holden said, "is how we behave. Be devout, upright and blameless. Trust is a critical factor in leadership. A pastor comes into a congregation without a track record, ethos takes time, it takes time to build trust. Getting God's word through the preacher to the parishioner, so it does its work without distortion or contradiction, is sometimes a problem."

In the Evangelical Free Church, the covenant is a relationship, Holden said. "Being a pastoral couple

is not a job or an occupation, it's a calling, a relationship that is unique. You will need the congregation's encouragement, trust and support."

Retired pastor Bill Kryzanowski and his wife Wanda came forward with fellow congregation members Ruth Vogel and Jim Votour to express some of that support for the new pastoral couple.

When the previous pastor left, due to his wife's illness, the congregation was at a loss to know what to do, Vogel said. Then came the good news that Harder had a couple leaving their church and were willing to come down and take a look at Elk Point. "This is God's plan. Welcome to our church," she told the Holdens.

"We were excited about coming," Pastor Holden said. "After our first meeting, we were pretty sure that this was the place for us. We're thankful that you are such easy people to love, and we pray we will be a blessing to each one of you."

IN MEMORIAM MAAS, Dennis

In loving memory of a dear husband, son, father, grandfather, brother and uncle who passed away November 8, 2002.

*Until we meet again
Those special memories of you
will always bring a smile
If only I could have you back
for just a little while
Then we could sit and talk
again
just like we used to do
You always meant so very much
and always will do too
The fact that you're no
longer here
will always cause me pain
but you're forever in my heart
until we meet again.*

Loved and sadly missed
by Brenda and all his family.

THANK YOU ROSS, Bob

The family of the late Bob Ross would like to express their appreciation and thank you to those that supported and assisted all of us and our Dad before and subsequent to his recent passing. Special thank you to the ambulance attendants; the nurses, staff and Dr. Oyeboade at the Elk Point hospital. Dad's stay there was short; just as he would have wanted; but the care was excellent.

To Carolyn and staff at Grace Gardens Funeral Chapel (and for John Yewchin assisting) we thank you for looking after us and Dad at the hardest of times, and doing so with care, guidance and professionalism.

To Pastor Kelly Sibley for meeting with us, listening, and conducting a meaningful service for the family; the United Church Choir for their music; the catering service for the great meal and the members of the Royal Canadian Legion for their attendance and last post; we thank you.

To everyone who attended the service, the luncheon, sent flowers, made donations or just took a moment to reflect...we thank you. It was all very appreciated. In lieu of individual thank you notes, a family donation has been made to the Alberta Heart & Stroke Foundation.

The Bob Ross Family

Ruth Vogel welcomes Pastor Dave Holden and his wife Marcy to the Elk Point Christian Community Church. Left to right are retired pastor Bill Kryzanowski, Marcy Holden, Wanda Kryzanowski, Jim Votour, Pastor Holden, Ruth Vogel and Superintendent Don Harder.

EMPLOYMENT OPPORTUNITY Elk Point F.C.S.S. Director

Elk Point F.C.S.S. is looking for a highly motivated, team oriented leader with a comfort for public relations, community networking and ability to demonstrate management skills. The FCSS Director is responsible for the day to day operation by assisting individuals, families and the community of Elk Point to gain access to needed support services, identify community needs and to deliver programs to meet locally driven preventative social initiatives in accordance with the Family and Community Support Services Act and Regulations. Accountability for this program is locally driven by the Elk Point F.C.S.S. Board under the Town of Elk Point.

The Elk Point F.C.S.S. Director needs to have a degree or diploma in Social Services or a related field. Understanding of the computer is a plus with proficiency in Microsoft Office and Accounting software.

The Town of Elk Point offers an excellent benefits package including the Local Authorities Pension Plan. Hours of daily work and salary range are negotiable within the annual F.C.S.S. budget.

Please submit your application to: Town of Elk Point F.C.S.S., 5001 Railway Avenue, P.O. Box 840, Elk Point, AB., T0A 1A0. Attn: FCSS Board Chairperson.

This competition will remain open until a suitable candidate is recruited. As a condition of employment, a Criminal Record Check must be provided.

A building year for new bantam team

It was at least five years ago the last time we iced a bantam team and there's one thing for sure, our all-new bantam team will be a work in progress. But the fact that we even have a team at all is something that I think is really positive and something to build on for the future.

**doug
BASSETT**

Review Sports

The simplest thing to do would have been to fold the team and play elsewhere. But never say never to these two! We have two very a persist ladies on this team; head coach Megan Tucker and manager Lori Poitras, who both never gave up, proceeded to enter a team into the league and worked very hard, found a goalie, found some players from out of town that needed a place to play, found a young energetic assistant coach, the former Elk Point minor hockey player Brian Poitras, and then the rest of the coaching staff, Rodney Graus and Dwayne Odgaard fell into place. And it won't be easy and there may be times like this past weekend when the Avalanche took two losses on the chin, but hey, look at the Oilers, how you would like to have to deal with that? The only pay you receive in this league is a pat on the back at the end of the day, and I sure hope someone doesn't forget to do that, win or lose, and not just a pat for the players, but the coaching staff too!

On Saturday, playing in their very first game in Bonnyville, the boys spent a good portion of the game in the pen-

alty box and we all know it's hard to play from in there. On Sunday the team had already smartened up and improved in that department. This game was fairly close after 40 minutes, but the wheels fell off in the third; but don't forget this is a brand new team learning how to play together and they showed lots of improvement on Sunday in that department too. And there were lots and lots of shots on our new goalie, the St. Paul product Shane Hurtubise. Another new player from Saddle Lake Shay Wood scoring for the Avalanche assisted by yet another new player from Kehewin, D'areh Gadwa.

Our peewee team handled Frog Lake fairly easily on Saturday, winning this one 15 to 4. Frog Lake is also very new in the league and is building their minor hockey system. Really nice to see that it weren't just a couple of guys, but the whole team contributing to the scoring. Two goals scored each for Kaiden "K Rock" Evans Anderson, Devon "Naz" Nazarchuk, Hayden "Hot wheels" Ludlage, Connor "Coast to coast" Lychak, and Dylan "the Destroyer" Ference. Singles for "Hammering Hank" Rogal, Tyler Jamieson and Chase Dorey. The tandem team of Colton "B Train" Van Maaron and Darrian "the Dominator" Rybchinsky handled the goaltending duties. On Sunday they played Marwayne in an exhibition

game, losing a close one.

The Novice One team played two games on the weekend, winning both. On Saturday "King Kong Konnor" and Luke "Skywalker" Poulin with a hat trick and an assist each, Vanden "Mario" Moroziuk with two goals, "St. Nic" Penner lighting the light with one, plus one helper, and first time player Nathaniel Cousins scoring his very first goal ever. The "Amazing Grace" Peebles with two assists, Seth Morton, the "Mighty Casey" Warawa and his cousin "the Rocket" Rylee Warawa, who likes to wheel, all with assists. On Sunday the same team defeated Marwayne. "King Kong Konnor" and "Skywalker" with a hat trick each, "Mario" and the "Rocket" with two each, Seth Morton and "Amazing Grace" adding assists. Goaltender Brady Hymanyk not only came up with some huge saves, but he added an assist as well.

The Novice Two team had a great day on Saturday as well over in St. Paul, where they won 10 to 2. "Mic Jager" Fontaine, "the Spiderman" Sam Rogal and "Dean the Machine" Ockerman all with hat tricks, Josef Theriault with a single, Mason Youngchief, "Bazooka Joe" Cardinal, Cash "CC" Capjack and CeeJay Cardinal all with assists. Ethan Castle -Wasson was awesome on the back checking helping out the rookie goalie Kade Fontaine.

Our Atom Avalanche faced off against two of the tougher teams in the league, losing to Marwayne on

Saturday and to Bonnyville on Sunday. "Lighting Liam" Ludlage lighting the lamp with one on Saturday, Jaden "Jet Stream" VanMaaron also scoring. Jenna "Precious" Poitras with some heavy-duty work in the corners digging the puck out, then feeding the boys in front, she assisted on both goals. Ronan "Radar" Poulin between the pipes played really well in both games getting plenty of help on Sunday from his defense Avery "Whirlwind" Warawa, and center ice man Matthew Quinney who both did some awesome back checking. Charlie "Angel" Rogal with a goal and an assist, "Danny Boy" Cardinal and "Lightning Liam" scoring as well, "Jet Stream" streaking down the wing the set up man.

Eight players on the Avalanche Micro Novice team played in their first hockey game ever on Saturday. Six of them, in fact, had never skated until a few weeks ago. Second year player "Bo Diddly" Fontaine knows how to get it done, scoring a hat trick, "Hurricane Kayl" Warawa also with a nose for the net hitting the mesh with one. And a big happy birthday going out today to hockey mom Myrna Moroziuk.

And now for the K.A. Campbell quote of the week. "You'll never catch me bragging about goals, but I'll talk all you want about my assists." Last week's answer to: "Every day is a great day for hockey" - Mario Lemieux. Have a sports scoop? Now you can email them to sportshound007@hotmail.com

SPERD Board names new chair

By JEAN CHAMPAGNE

Review Contributor

St. Paul Education Regional Division

St. Paul Education's new board is made up of, front, left to right: Rhea Looy, chair Heather Starosielski, Deb Pederson, Rhonda Lafrance; back, left to right: Lorne Young, Ruven Rajoo and Christopher Cook.

No. 1 held its organizational meeting on October 24, 2013.

The Board welcomed new trustees, Ruven Rajoo, Christopher Cook and Lorne Young and thanked outgoing members, Ron Rudkowsky, Maureen Miller and Darrell Youngmans.

Following the swearing in of trustees, Heather Starosielski was selected as Board chairperson and Rhonda Lafrance was elected as vice-chairperson.

Elk Point Order of the Royal Purple members Rubyann Kittlitz, Verna Lazicki and Lois Sharek and volunteers Albert Boratynec, Laverne Kittlitz and Archie Trach, who assist them by working bingos, were happy to make two presentations last week, presenting a massage chair to the Fort George Manor Social Club, above, and \$2,000 to the Friends of the Elk Point Municipal Library, right.

Notification of AESO Regulatory Filing Addressing the Need to Modify the Lindbergh 969S Substation in the Elk Point Area

The Alberta Electric System Operator (AESO) advises you that it intends to file a Needs Identification Document (NID) for the modification of the Lindbergh 969S Substation with the Alberta Utilities Commission (AUC) on or after November 20, 2013.

ATCO Electric Ltd. (ATCO) has requested an increase in transmission capacity to meet growing industrial electricity demand in the area northeast of the town of Elk Point. ATCO's request can be addressed by modifying the Lindbergh 969S substation by adding a 25 kV breaker.

The black square on the map indicates the approximate location where a substation upgrade is needed. In a separate application called a Facility Application, ATCO, the transmission facilities owner (TFO) in the Elk Point area, will describe the specific upgrades to be performed and request AUC approval to construct and operate the specific transmission facilities.

The AESO and ATCO presented this need to stakeholders, including residents, occupants and landowners, from July to November 2013. The AESO has considered feedback gathered from stakeholders, and technical and cost considerations, and will apply to the AUC for approval of the need for this transmission development. Once filed, the NID will be posted on the AESO website at <http://www.aeso.ca/transmission/28946.html>

Please visit our website, www.aeso.ca for more information, or contact the AESO at 1-888-866-2959 or stakeholder.relations@aesoc.ca

2013 Deer Hunters - Your role in Chronic Wasting Disease Surveillance

As a deer hunter in Alberta, you play an important role in the province's chronic wasting disease (CWD) surveillance program.

The government **requires** CWD testing on all deer harvested within Wildlife Management Units (WMUs): 102, 116, 118, 119, 124, 144, 148, 150, 151, 152, 160, 162, 163, 164, 200, 202, 203, 204, 230, 232, 234, 236, 238, 254, 256, 258, 500, 728, and 730. It is **mandatory** to submit deer heads harvested in these areas.

In 2013, four new voluntary units were added: 138, 142, 156, and 166.

Antlers and skull cap can be removed before the head is submitted.

Each head must have a green CWD label attached. After you shoot your deer, visit a Fish and Wildlife office of Environment and Sustainable Resource Development or, during rifle seasons, one of our 24-hr freezers in eastern Alberta to pick up and fill out BOTH SIDES of a green CWD label. Heads should be kept frozen and dropped off at any Fish and Wildlife office or at any of the freezers.

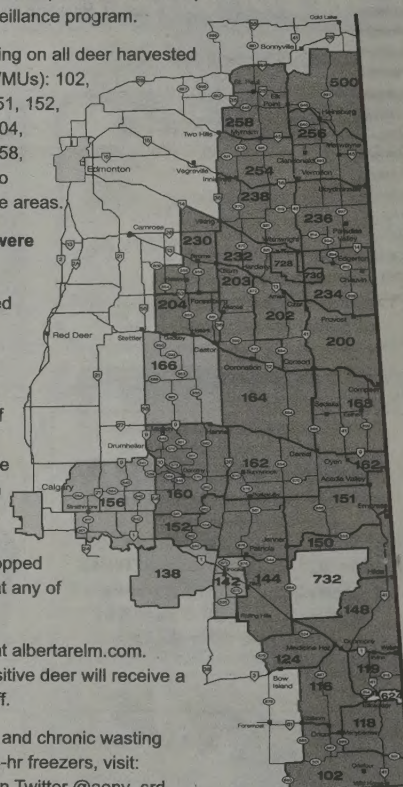

CWD-negative results are provided at albertaerlm.com.

Any hunter who harvests a CWD-positive deer will receive a phone call from Fish and Wildlife staff.

For information on hunting in Alberta and chronic wasting disease, including locations of the 24-hr freezers, visit: www.mywildalberta.com. Follow us on Twitter @aenv_srd.

Thanks to all hunters and landowners for your continued support and co-operation with this important disease surveillance program.

Alberta Government
